

FINISHES

Brushed

Cascade

Honed

Pumiced

Split Face

Shades ranging from deep gold to light beige are marbled throughout rich and subtly patterned Aurum Limestone. Its durable nature makes for an ideal paving choice in residential and commercial projects. Aurum Limestone is well suited for veneer in a wide range of formats and finishes including the classic hand-pitched split face wall veneer as shown in the featured project, which harmoniously combines Aurum Limestone wall veneer with our Malena Limestone in a matte finish for the paving, column veneer, and wall caps.
