

FINISHES

Brushed

Honed

Mistral is a classic French Limestone which ranges from light to dark at the quarry . These light and dark ranges can be selected or blended together for each project. The soft shades of creamy white to lighter-range beige and taupe to darker-range café au lait are mottled throughout the limestone in a gently ribboned pattern. This elegant and refined material is accompanied by broad fabrication possibilities that make it an obvious choice for interior and exterior applications that will have timeless appeal.
